

Welcome to the GATEway Project!

These driverless pods are operating as part of a research project called GATEway, which is exploring how the public respond to driverless vehicles in urban areas. The driverless pods that are operating here are investigating how autonomous vehicles might be used to offer a first/last mile transport service.

Speak to a Marshall about riding in a pod or visit our website: www.gateway-project.org.uk.

Follow us on @GATEway_TRL Hashtag #Greenwichdriverless

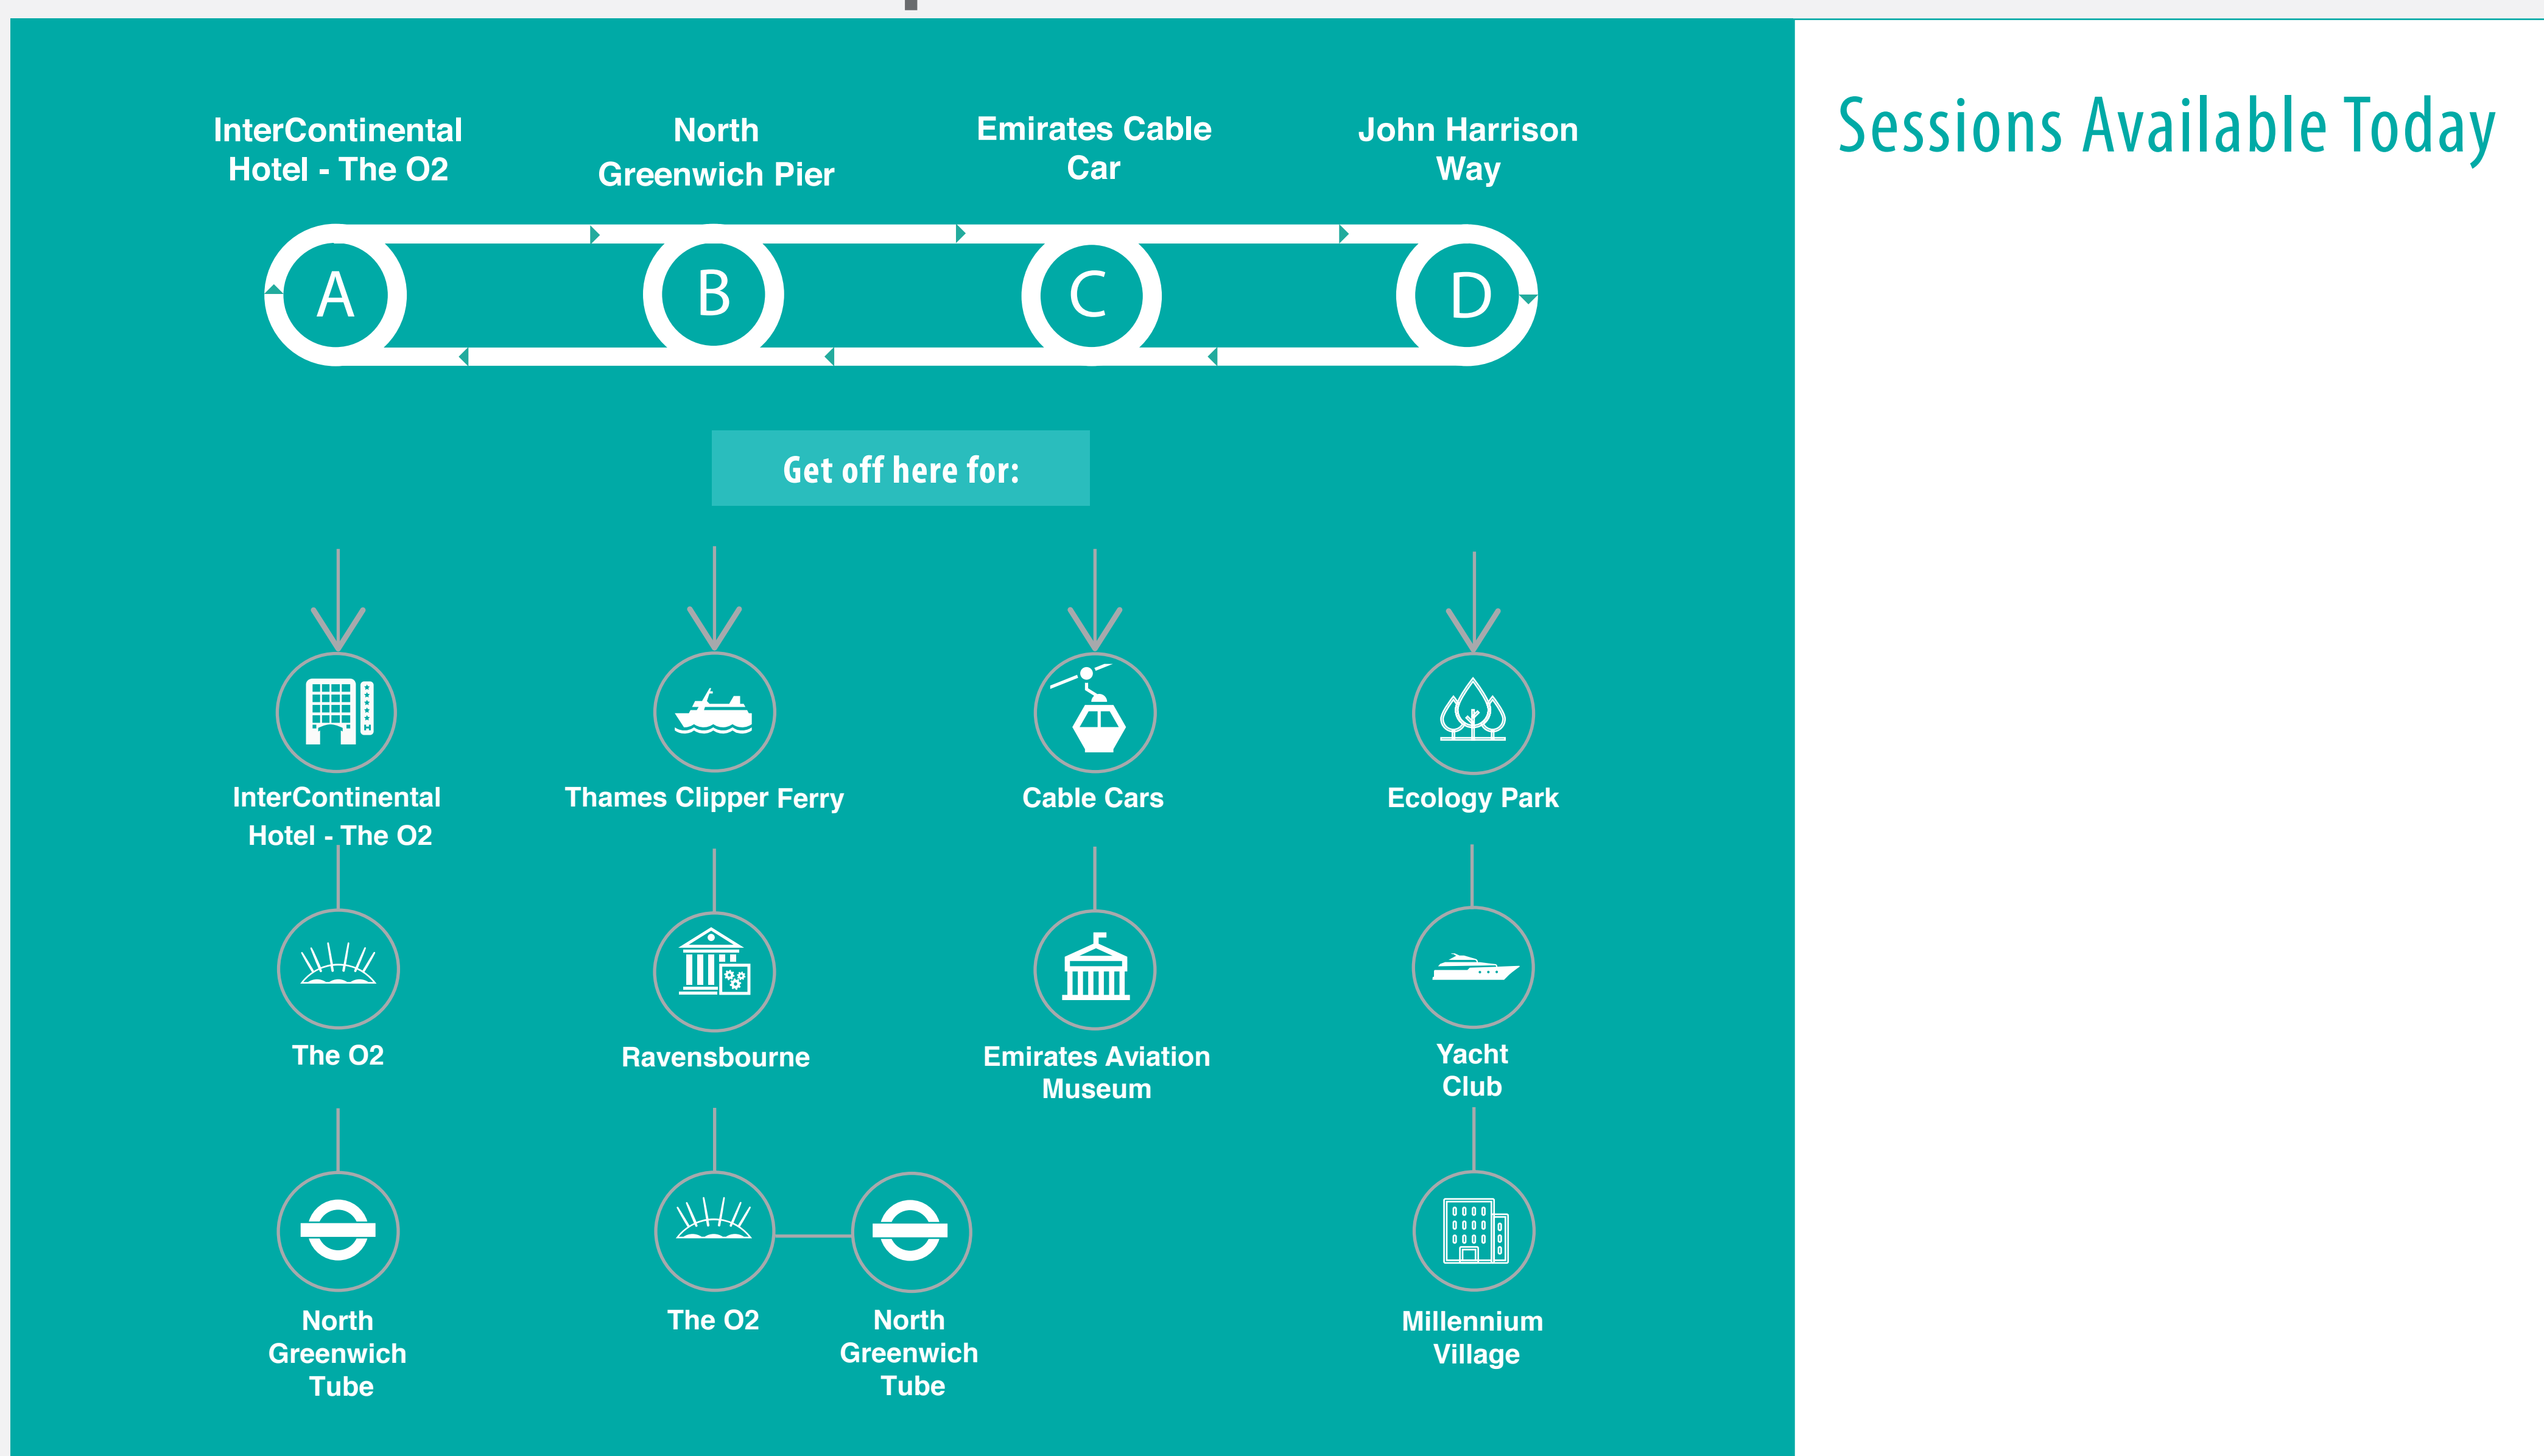

Tell us what you think!

Public perception is an essential part of our research, please take a moment to tell us your thoughts either by completing a short survey or adding your views to our sentiment map.

Just use the QR code below or visit www.gateway-project.org.uk/get-involved.

Terms and Conditions

We want you to have a safe and enjoyable journey! Please read the following before you board. By boarding a pod, you are agreeing to the following terms and conditions. If you do not agree with any of these terms and conditions, please do not board a pod.

- Under 18s must be accompanied by an adult. Please be ready to show your photo ID if asked
- Maximum 3 passengers per pod
- Instructions from staff are to be followed at all times – only board or alight a pod when you are instructed to do so

During your pod journey:

- Remain seated at all times
- Follow any instructions from the on-board steward
- Please try not to distract the on-board steward while the pod is moving
- Please do not take photographs inside the vehicles
- Enjoy your experience and tell us what you thought!

By using a pod you have participated in the GATEway project as a passenger. Please be aware that the pods are operating as a demonstration and are prototype autonomous vehicles. As prototypes, manual intervention may be required at times and we offer no guarantees regarding journey duration, service frequency or service reliability.
